

PALO ALTO MEDICAL RESEARCH FOUNDATION

860 BRYANT STREET
PALO ALTO - CALIFORNIA

December 8, 1958

Joshua Lederberg, M. D.
Professor of Medical Genetics
School of Medicine
The University of Wisconsin
Madison 6, Wisconsin

Dear Dr. Lederberg:

The reprint on "Cell Injury in Allergic Inflammation",
which you requested and other recent related reports are
being sent to you under separate cover.

We all look forward to having you with us here in Palo
Alto. The more people who are interested in mechanisms
of antibody formation and the physiology of reticulo-
endothelial system who will be located conveniently near-
by, the more fortunate we will all be.

Kindest regards,

C. B. Favour

Cutting B. Favour, M.D.
